

Need Help After Your Surgery?

Private and Confidential Post-Surgical Care

- **A dose of extra assurance.** Many cosmetic surgeons recommend post-surgical care from 4 to 12 hours or overnight to ease any insecurity or uncertainty following surgery and anesthesia.
- Experienced nurses or caregivers are available to help ease the recovery process in the privacy of your own home or hotel immediately following your procedure.
- Trained caregivers and licensed nurses are able to monitor drains and incisions. They can provide medication administration, pain management, and assist with any other prescribed post-op instructions.
- Caregivers can provide escort and transportation services to and from surgery and follow up appointments and can help you and your family during your recovery.

What local
professionals
say :

*"Capital City Nurses is the most
reliable home care provider that
we've worked with."
— N. Morgan*

*"For over ten years, Capital City
Nurses has given my patients
excellent post-operative care. My
patients like that they can maintain
their confidentiality while getting
specialized personal care."
— Dr. S. Lynch, M.D.*

*"Having worked with you for so
many years, I have trust in the
people you place with my clients."
— R. Delacroix*

What our clients say:

*"Outstanding service!"
— C. Sherman*

*"Capital City Nurses helped me after
my surgery and I could not be happier
with your service. My caregiver was
knowledgeable, caring and always on
time. I highly recommend Capital City
Nurses to anyone seeking nursing care
after surgery."
— T. Brawner*
